

Software Setup Guide

Following software's are required to be installed for the training program:

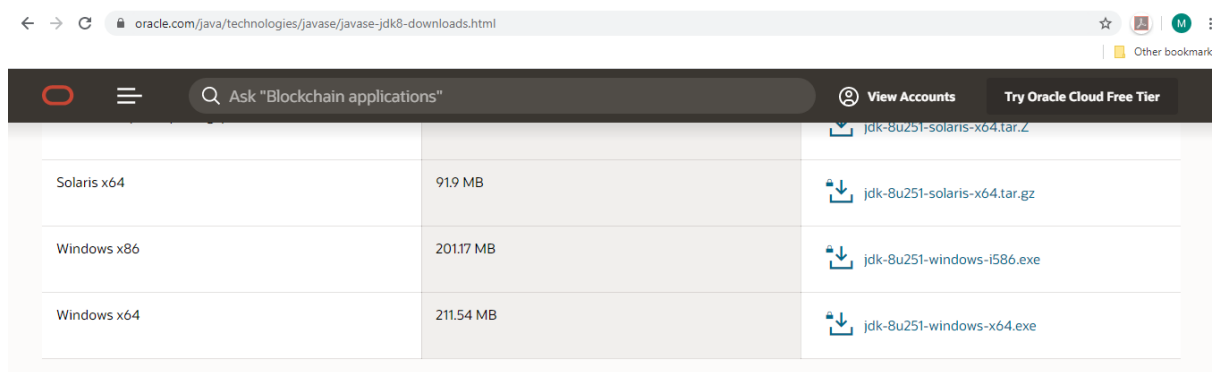

1. JDK 8
2. Eclipse IDE

Mentioned below are the steps for installing the above software's:

1. JDK 8

JDK 8 can be download from the below URL:

➔ <https://www.oracle.com/java/technologies/javase/javase-jdk8-downloads.html>

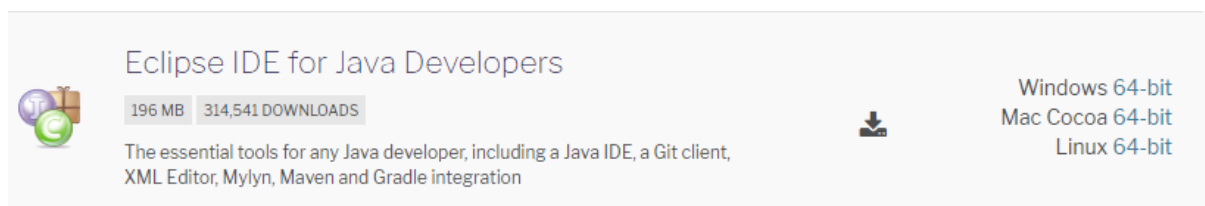

Download the 32 bit(x86) or the 64 bit(x64) depending upon your HW/OS setup.

2. Eclipse IDE

Eclipse IDE can be downloaded from the following URL:

➔ <https://www.eclipse.org/downloads/packages/>

Download the Eclipse IDE for Java Developers version for your respective platform.
